REDEFINE YOUR HEALTH TRANSFORM YOUR LIFE

Diabetes Prevention Program YMCA OF METROPOLITAN DENVER

YMCA'S DIABETES PREVENTION PROGRAM: CAN I PARTICIPATE?

Lifestyle changes such as eating healthier, increasing physical activity and losing a modest amount of weight can prevent or delay development of type 2 diabetes in those at high risk for the disease. The YMCA's Diabetes Prevention Program can help you adopt and maintain these healthy habits to help you improve your overall health and well-being and reduce your risk.

DO YOU MEET THE PROGRAM REQUIREMENTS?

Please check each box that is true:

- I am at least 18 years old
- I am overweight (BMI ≥ 25)*
- I am at risk for developing type 2 diabetes or have been diagnosed with prediabetes† by a healthcare provider

DO YOU HAVE ONE OF THE FOLLOWING LAB VALUES OR DIAGNOSIS?

Please check each box that is true. You can get these lab values through your health care provider.

- A1c: _____ (must be 5.7% – 6.4%)
- Fasting Plasma Glucose: _____ (must be 100 – 125 mg/dL)
- 2-hour (75 gm glucola) Plasma Glucose: _____ (must be 140 – 199 mg/dL)
- Prediabetes determined by clinical diagnosis of Gestational Diabetes (GDM) during previous pregnancy

ARE YOU AT RISK FOR DEVELOPING DIABETES?

Prediabetes means your blood glucose (sugar) is higher than normal, but not yet diabetes. Type 2 diabetes can be delayed or prevented in people with prediabetes through effective lifestyle programs. Take the first step. Find out your risk for prediabetes.

TAKE THE TEST – KNOW YOUR SCORE!

Answer these seven questions – for each "Yes" answer, add the number of points listed:

	YES	NO
Are you a woman who has had a baby weighing more than 9 pounds at birth?	1	0
Do you have a parent with diabetes?	1	0
Do you have a brother or sister with diabetes?	1	0
Find your height on the chart to the right. Do you weigh as much as or more than the weight listed for your height?	5	0
Are you younger than 65 years of age and get little or no physical activity in a typical day?	5	0
Are you between 45 and 64 years of age?	5	0
Are you 65 years of age or older?	9	0

TOTAL POINTS FOR ALL "YES" RESPONSES:

If you scored a 9 or higher, then you may be at risk for prediabetes or diabetes, and may qualify for the program. Contact Tammy Dickerson at 720 460 6383 for more information. This does NOT mean you have diabetes. You will need a blood test to confirm if you have diabetes.

Height	Weight (in pounds)
4' 10"	120
4' 11"	124
5' 0"	128
5' 1"	133
5' 2"	137
5' 3"	141
5' 4"	146
5' 5"	151
5' 6"	155
5' 7"	160
5' 8"	165
5' 9"	169
5' 10"	174
5' 11"	179
6' 0"	184
6' 1"	190
6' 2"	195
6' 3"	200
6' 4"	205

* Asian individual(s) BMI ≥ 23

† Individuals who have already been diagnosed with either type 1 or type 2 diabetes do not qualify for this program.

PLEASE CHECK ONE: Is your employer/insurer paying any portion of the fee for you to participate in the YMCA's Diabetes Prevention Program?

- Yes No

YMCA of Metropolitan Denver, ("YMCA") and the National Council of Young Men's Christian Association of the United States of America ("YMCA of the USA"), have made a commitment to collaborate on efforts to support a national movement to increase awareness and take measures to prevent diabetes and its complications among groups at risk, and to help support treatment outcomes for individuals who have confirmed diagnoses or indications of prediabetes by promoting an effective lifestyle change. The parties referenced above do not warrant or guarantee any specific outcomes for program participants, with respect to diabetes prevention
